Agenda

11:00 a.m. **Guest Arrival and Registration**

Light Lunch Provided

12:00 p.m. **Welcome and Introductions**

12:30 p.m. **From Data to Decisions**

- Create mechanisms for identifying—and fixing—poor data quality
- Improve the self-service capabilities of analytical resources across campus

2:15 p.m. **Revitalizing IT Governance**

- Reallocating responsibilities to ensure effectiveness and mission alignment in a cloud environment
- Leveraging instruments of shared governance to align IT with institutional priorities
- Developing systems to coordinate the acquisition, use, and integration of technology across campus

3:45 p.m. **Guidance Systems for the Cloud Age**

- Positioning the institution for success in a rapidly shifting IT landscape
- Ensuring the CIO understands how stakeholders use (and want to use) technology

5:00 p.m. **Adjournment**

Drinks & Appetizers Provided
